To qualify for NTPN member conference rates, an individual must maintain an active membership in the National Tech Prep Network professional organization. Member rate does not apply unless an active member's name is included on the registration form.

## Substitutions

An NTPN member who cannot attend the conference may send one colleague in his or her place. Simply by using an active NTPN member's name and phone number, a fellow educator can take advantage of the discounted membership rate. To substitute, complete the "substituting for" section of this registration form with the NTPN member's name, organization, and phone number.

## Cancellations

For individuals who have registered for the conference and must cancel their registrations, the following rules apply. All cancellations must be in writing. A registrant whose cancellation is received by October 9, 1998, will be charged a \$45 cancellation fee. Individuals whose cancellations are received after October 9, as well as conference no-shows, will be responsible for the full registration fee.
